

Chapter 6

Trust God

The Lord God will you worship and him alone will you serve.

Matthew 4:10

To the Parents:

In chapter 6 your child learned to:

- See the role of trust in his or her life
- Know the first commandment and ways to follow it
- Pray in various ways

While Exodus provides the first listing of the Decalogue, the “ten words” that have been translated into a listing of the Ten Commandments, it is in Deuteronomy the we find practical ideas for living out God’s law. The first commandment, “The Lord is our God, the Lord alone” acknowledges total dependence on God. God is the source of all that is good, and because he loves and protects us, it is possible for us to be free. False gods of idolatry, superstition, and unbelief are cast aside for faith in the one God who saves. We are to serve and worship our one God alone.

With Your Child:

1. Look through storybooks, games, and magazines. Find one example with a friend or family member.
2. Make some coupons that contain words of support and offer to lend a helping hand. Hand them out to family members when they need help.
3. Read about the Blessed Mother on the Review and Explore page.
