

# A Thank-You Note

At Mass, we remember that everything is a gift from God. We thank God for these gifts. Your family is a gift from God. In the thank-you card below, put something special your family does for you. Decorate the card and cut it out. Give it to your family as a surprise.

**Family Note:** Your child is learning that the Eucharist is our celebration of thanks and praise to God. If this activity is done at home, your family can do the card together. Everyone can fill in the card, mentioning a special thank you to any family member.

**Catechist Note:** Use this activity with Chapter 4, "Giving Thanks and Praise." Encourage the young people to be specific with their messages. Offer help with spelling. As a follow-up, some young people might want to share their families' reactions to the thank-you cards.
