# Someone Like Jesus

Think of someone you love who makes good choices. This person is like Jesus. Write about the good choices that person makes.

A large heart shape with a scalloped top edge and a pointed bottom. Inside the heart, there are eight horizontal lines of varying lengths, arranged in a descending staircase pattern from top to bottom, intended for writing.

**Family Note:** Your child is learning about trying to improve. If this activity is completed at home, each family member can mention a person and the Christian qualities admired in her or him. For example, "I admire Uncle Joe because he's kind, helpful, and good-humored."

**Catechist Note:** This activity is used with Chapter 7, "Showing Love." If you wish, mention someone you admire and some ways this person is like Jesus. Brainstorm with the young people about Christian qualities, listing these suggestions on the board. They can refer to the list as they complete the activity.
